- Top 8 players must play minimum 5 days for the average to count

- *4.5 players receive 85% of the above games, while 4.0 players receive 100%.

- Extra sets after regular time also count

- Total with extra sets cannot exceed the night's leader points. For example if Cook played 4 sets and won all 4 (24 games), Knight cannot play 5 additional sets and rack up 40 games. Jamie's max for the day is 24.

- Undefeated that day
